People

People make life!
I am people, you are people!
There are many kinds of people . . .
families that go to church on Sunday
women who make their children clothes
men who harvest wheat from their fields
children who play in the streets
families that set by the fireside at night
women who sing in the choir
men who kiss their wives before going to the office
children who build a snowman.

People make life!
I am people, you are people!
There are many types of people . . .
scientists who give us cures
hot rodders who drive cars on a speedway
poets and novelists who write words of wisdom
factory workers who make our machines
rioters in the street
teachers who help others to learn
doctors who make us well
carpenters who build our houses.

People make life!
I am people, you are people!
There are many characteristics of people . . .
introverts that withdraw into a world of silence
extroverts laughing to cover up themselves
pessimists that find nothing good
optimists seeing the sun behind the clouds.

People make life!
I am people, you are people!
There are good and bad people who make things happen.
We make things happen; we are people.
There is good in the best of us.
There is bad in the worst of us.
Yet, God loves all of us.

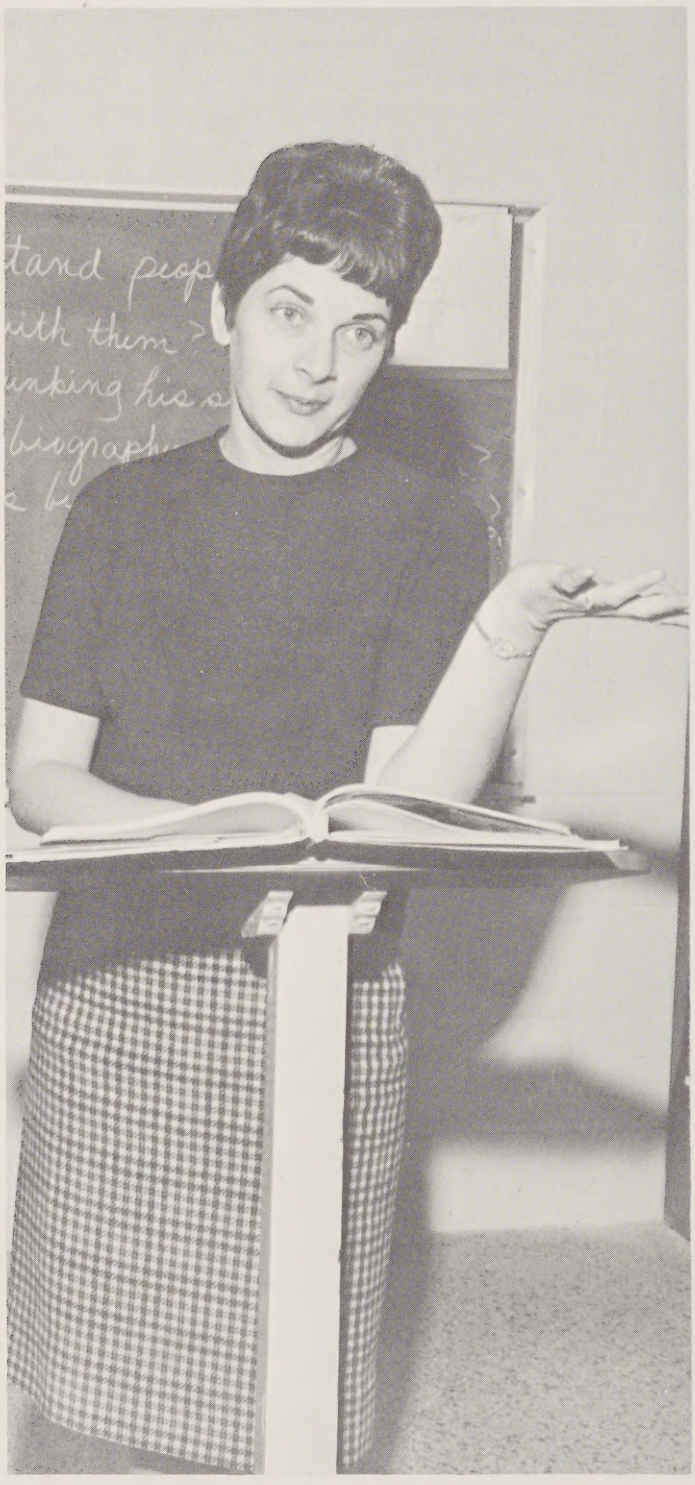
Dedication



The 1968 SENIOROGUE is dedicated to the woman whose leadership has brought the story we tell in this annual to the present promising moment. Mrs. Penelope Worthington best symbolizes the enriching worth of our school's past and the hope we share for a greater future. She has led this institution as a woman ever standing with firm convictions rooted in what the past of the school has taught, but always ready to move over the threshold to what the future may hold for the wise and courageous to claim.

To know Mrs. Worthington is to know the atmosphere of her English Class with which she has so tirelessly identified herself. Clue to her seemingly boundless energy is her burning desire to see Broadway School lifted to higher opportunity and achievement.

Her moments of laughter are most often moments of friendship shared in the job being done. Her cloudy hours are most likely to come when people give less than their best toward realizing their individual potential. She reserves her strongest personal loyalties for those who give themselves wholeheartedly for this accomplishment.

To understand her one must realize that she is all but totally absorbed in the work of educating the young.

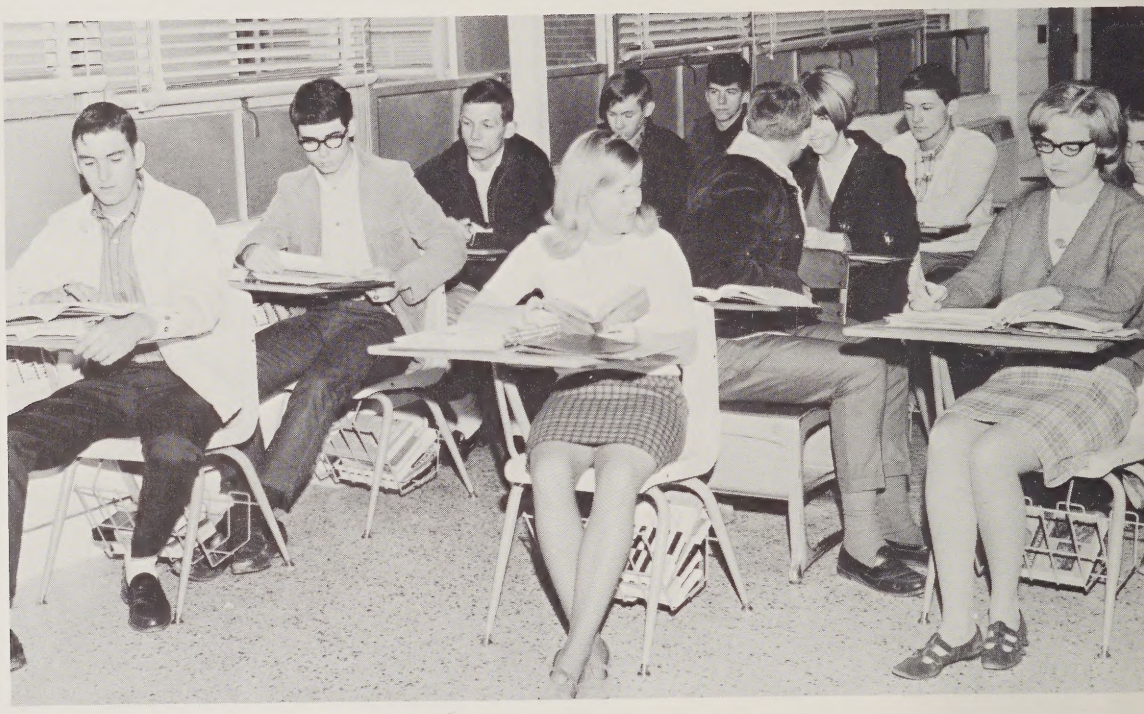
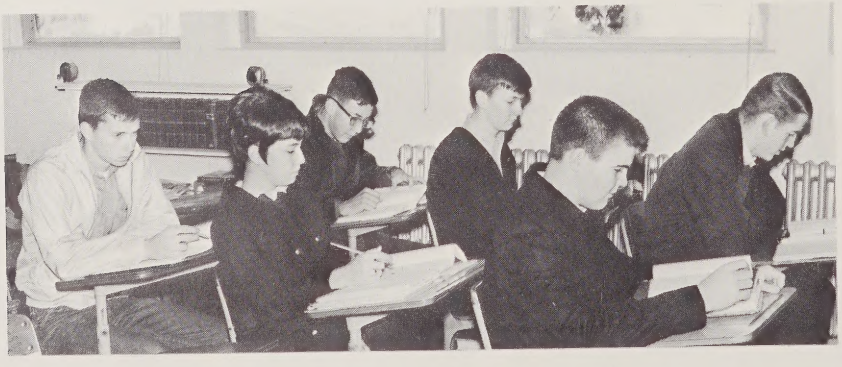
Student Life

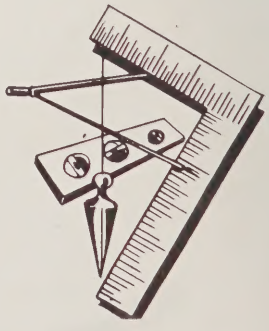
Classes

Look at the conscientious scientists!

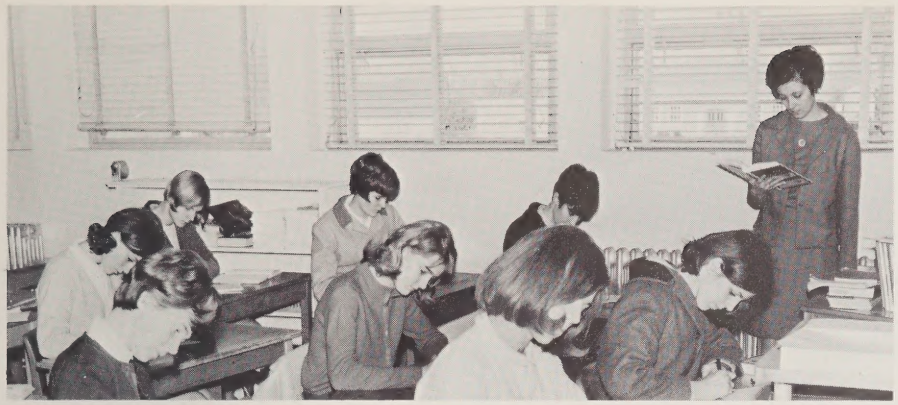


English is the center of learning.

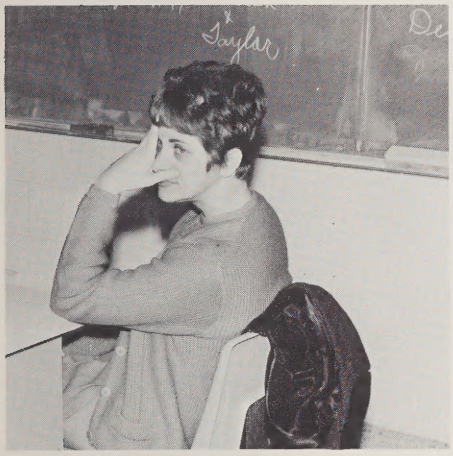




Math is essential to the growth of the individual!

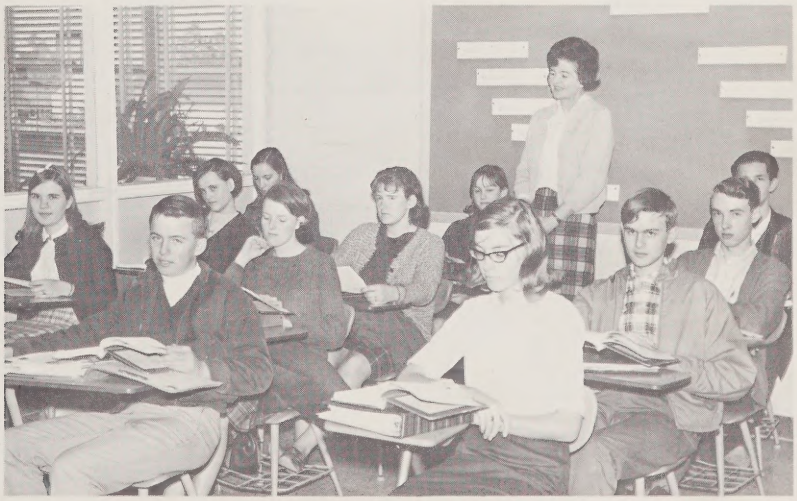


Shorthand is just the class for shortening words.



Mrs. Worthington looks very happy – happy enough to kill!

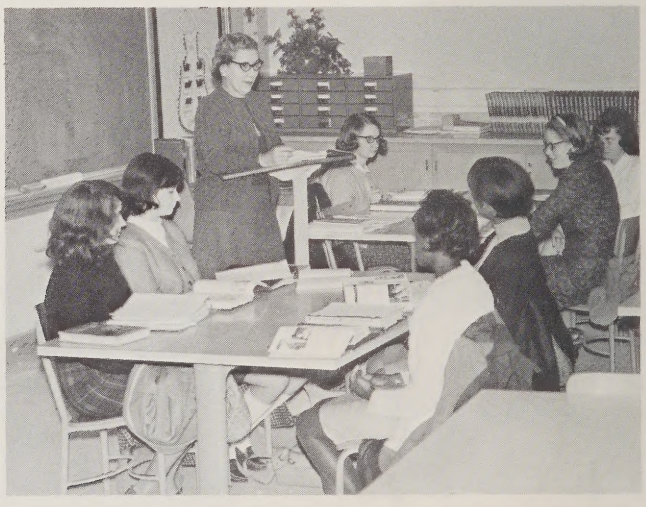
United States History students discover the importance of learning about our country.



Learning to speak French broadens your horizons, N'est-ce pas?

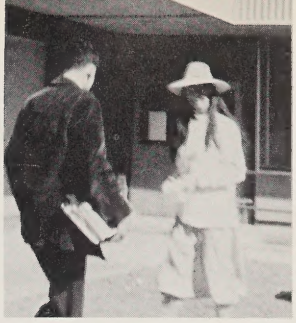
Agriculture students learn much about farming.

Obtaining physical fitness is the main objective in Advanced Physical Education.



Here are the future homemakers of tomorrow.

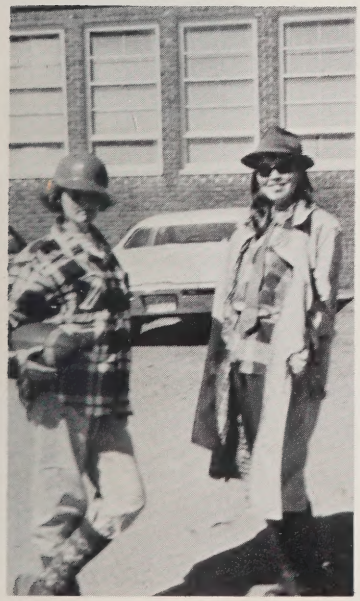
School Is Fun



Here, Gary pauses to chat with an old Beta.

Despite the routine of classes, there are flights of disorder around school as well. On February 22, 1968, the new Beta Club Members made their debut to society. Left, Debbye, Pam, Merrill, and Wanda prove the informal initiation was a tremendous success.

Merrill finds that it isn't easy being a "sex symbol"!



Debbye and Donna display their erratic outfits.

School isn't normal without the faithful appearance of our friend "Rusty". This dear dog has attended Broadway School for an innumerable amount of years. No doubt, he is the wisest of all students!

Activities

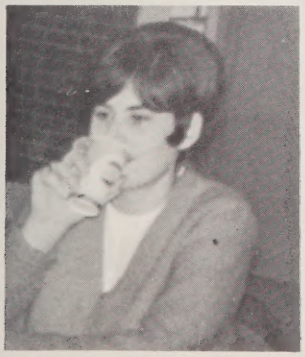
These faithful members of the annual staff, with the assistance of the Class President, managed to endure many months of hard work.

Roger presides over the Monogram Club as they discuss the Athletic Banquet.

It is not always easy to meet the deadline of the school paper, but somehow the TATTLER Staff manages to please the student body.

Even though the members of the I. J. Stephenson Literary Club learn much from outstanding community people, such as Mrs. Betty Daly, Mrs. Doris Betts, and Mr. Henry Blumenthal, they know that, "things go better with Coke."

The frequent visits of Mrs. Betts are enjoyed as much as her delightful short stories and novels. Here, she munches happily on Christmas goodies made and served by our club members.



President Carolyn Bowden pauses for refreshments while evaluating potential new members of the I. J. Stephenson Literary Club.

Beta members diligently discuss plans for the State Beta Club Convention to be held April 19-20 in Raleigh. Mrs. Cannady insists that the boys stay in the LEFT wing of the motel and the girls stay in the RIGHT wing.

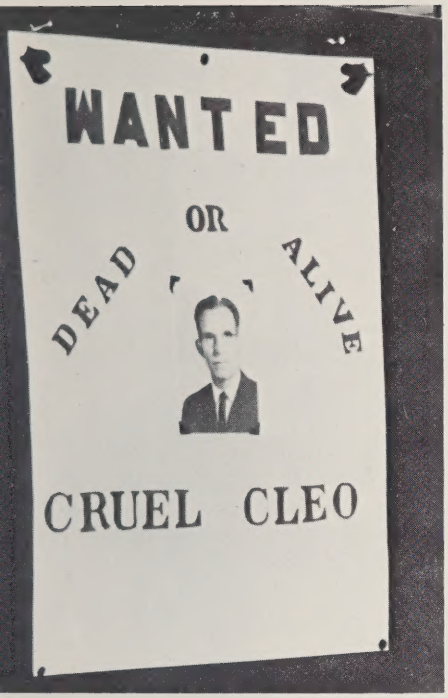
The Wild, Wild West

It was May 5, 1967 and we could have danced all night!

Junior-Senior Prom

While not dancing, we sit at our tables -- we drink and eat!

Wherever there is dancing, there's always a good band!



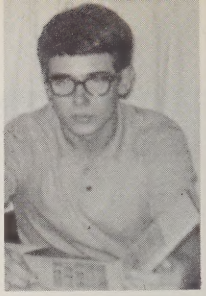
Be it work or play, Cruel Cleo guides the way!

Even adults find excitement at the Junior-Senior Prom.

Entertainment was provided by the waiters and waitresses, who were:
Steve Johnson
Robin Rosser
Danny Berryman
Diane Phillips
Gary Thomas
Becky Bowden
Jerry Thomas
Sarah Sloan
Kathy Kelly
Jimmie Lee
Cathy Mansfield
Merrill Hunter

Believe it or not – these are the senior boys!

Wanda doesn't look like the "class clown" here!



Roger won the D.A.R. History Award, and he attended Boys' State.

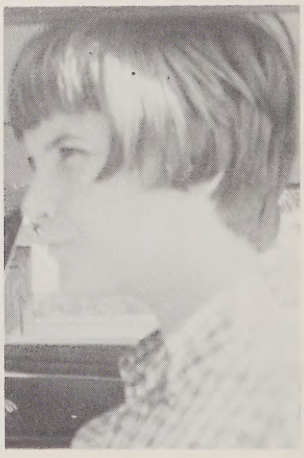
Sophisticated Seniors

For twelve years, we have worked and played together. The experiences of our yesteryears have brought us this year. Our goal is achieved – we are the "Sophisticated Seniors."

Sandy and Patricia were invited for tea at the Governor's Mansion, as representatives of Girls' State.

These raving beauties are the senior girls of 1968!

Here are three good citizens – Gaye, the D.A.R. Good Citizen Award; Peggy, the Civitan Citizenship Award, and Gary was chosen "Boy of the Month" by the Exchange Club.



Barbara's a beauty and a brain!!!

Gerald is tops – whether he is in the classroom or on the basketball court.
